# PREVAL IT'S FAST..... Fill, Attach and Spray

## The Preval Spray System

The Preval Sprayer is a professional grade spray system that is good for countless applications. It's disposable, recyclable, easy to clean, and, best of all, no compressor is needed.

The Preval Sprayer's patented venturri vacuum process pulls liquid from any compatible, removable, and refillable container and delivers a professional-grade spray stream to virtually any surface. It's amazing.

Easy replacement and cleanup with interchangeable and disposable parts  
Customize your color or use with the medium of your choice

Store media in containers for easy reuse  
Professional- grade finish.

## Preval vFan Spray System

The Preval vFan Spray System is an all-in one touch-up system for precision painting, surface prep, touch-ups and curing – anywhere and anytime.

The siphon-fed, dual-action stainless steel and brass vFan airbrush delivers professional results with a silent pressurized can compressor that fits in your pocket: 150 Feet of ENERGY.

The award-winning vFan Airbrush is a portable painting workhorse that sprays from a 1,5 mm detailed line to a 7 cm fan with total consistency and almost no overspray.

As a 'hybrid' airbrush system, the vFan Airbrush works with the silent 150 Feet of ENERGY pocket compressors and the Energy Dispersal Unit, as well as most electric compressors.
